

Shakidul Islam Shakil

Full Stack Web Developer

I'm a full-stack web developer with a passion for developing scalable web applications. A lot of projects both front-end and back-end were made as well as developed using ReactJs, NodeJs and MongoDB successfully. Strongly would like to be responsible for developing and for making users satisfied.

BSc

Green University of Bangladesh

05/2019 - Present

HSC

Bogura Cantonment Public School and Collage

01/2016 - 06/2018

PERSONAL PROJECTS

Tools Manufacturer (05/2022 - 05/2022) [🔗](#)

- People can order any tool that they need and then have to pay. Payment gateway was added and an user can pay for the required product whenever they want to.
- This project is different for general users and admin. Admin can add a product, delete a product and make another user an admin and so on.
- Made this project responsive and look awesome.
- Code: [Client](#), [Server](#)

Smartbook Warehouse (04/2022 - 04/2022) [🔗](#)

- A website for the warehouse where the book's information will be in touch. Owner of the warehouse can update whatever they want.
- JWT implemented and verified the user when they logged in to it.
- Has a strong authentication to recognize users.
- Code: [Client](#), [Server](#)

Temperature View website (04/2022 - 04/2022) [🔗](#)

- Loaded data calling weather API.
- Made the website responsive and added cover photos to look different.

JavaScript

ES6

ReactJs

React Router

Axios

Firebase

JWT

React Hooks Form

React Query

NodeJs

ExpressJs

MongoDB

SOFT SKILLS

Colaboration and Teamwork, Accountability, Compassion, Networking

OBJECTIVE

When something becomes developed by me, it satisfies me more than anything. It can be a website or anything else. I feel like I'm spending my time working on helping people. Actually, it inspires me to do this great work for the rest of my life.
